

To the brothers and sisters of Holy Family in Stow, Ohio

Jesus, Mary and Joseph;
the Holy Family of Nazareth,
have to be very happy
to see their children from Ohio,
work with such love.

I believe that God has touched
your hearts and traced this path for you
to battle against so much pain.

Pain that the bodies of my poorest
brothers and sisters are suffering –
the marginal human beings
that the government has forgotten.

I have seen how the people
arrive sad and leave happy
because God, through you,
continues to perform new miracles.

For everyone of your smiles
for every kind gesture,
with your remarkable labor,
you transform the lives that you touch.

Blest be the Holy Family
who sent Father Mike
with his army of love
to battle against pain.

With love and friendship
